## Explanations of Professional Designations Held

### **CFA Charter**

The Chartered Financial Analyst (CFA) charter is a globally respected, graduate-level investment credential established in 1962 and awarded by CFA Institute — the largest global association of investment professionals. There are currently more than 100,000 CFA charterholders working throughout the world. To earn the CFA charter, candidates must: 1) pass three sequential, six-hour examinations; 2) have at least four years of qualified professional investment experience; 3) join CFA Institute as members; and 4) commit to abide by, and annually reaffirm, their adherence to the CFA Institute Code of Ethics and Standards of Professional Conduct.

#### *High Ethical Standards*

The CFA Institute Code of Ethics and Standards of Professional Conduct, enforced through an active professional conduct program, require CFA charterholders to:

- Place their clients' interests ahead of their own
- Maintain independence and objectivity
- Act with integrity
- Maintain and improve their professional competence
- Disclose conflicts of interest and legal matters

#### *Global Recognition*

Passing the three CFA exams is a difficult feat that requires extensive study (successful candidates report spending an average of 300 hours of study per level). Earning the CFA charter demonstrates mastery of many of the advanced skills needed for investment analysis and decision making in today's quickly evolving global financial industry. As a result, employers and clients are increasingly seeking CFA charterholders—often making the charter a prerequisite for employment.

Additionally, regulatory bodies in 19 countries recognize the CFA charter as a proxy for meeting certain licensing requirements, and more than 125 colleges and universities around the world have incorporated a majority of the CFA Program curriculum into their own finance courses.

#### *Comprehensive and Current Knowledge*

The CFA Program curriculum provides a comprehensive framework of knowledge for investment decision making and is firmly grounded in the knowledge and skills used every day in the investment profession. The three levels of the CFA Program test a proficiency with a wide range of fundamental and advanced investment topics, including ethical and professional standards, fixed-income and equity analysis, alternative and derivative investments, economics, financial reporting standards, portfolio management, and wealth planning.

The CFA Program curriculum is updated every year by experts from around the world to ensure that candidates learn the most relevant and practical new tools, ideas, and investment and wealth management skills to reflect the dynamic and complex nature of the profession.

### **Certified Treasury Professional (CTP)**

The Certified Treasury Professional<sup>®</sup> (CTP) designation is evidence that an individual is certified in corporate treasury and cash management. The credential is awarded based upon experience and passing of a rigorous examination that provides an objective measure of an individual's broad-based knowledge and competency in treasury management. Ongoing professional development is required in order to maintain the credential. The CTP is administered by the Association for Financial Professionals, the leading association for treasury and financial management professionals, with more than 29,000 members worldwide.

### **Accredited Investment Fiduciary (AIF<sup>®</sup>)**

The Accredited Investment Fiduciary (AIF<sup>®</sup>) Designation is a professional certification that demonstrates an advisor or other person serving as an investment fiduciary has met certain requirements to earn and maintain the credential. The purpose of the Accredited Investment Fiduciary (AIF<sup>®</sup>) Designation is to assure that those responsible for managing or advising on investor assets have a fundamental understanding of the principles of fiduciary duty, the standards of conduct for acting as a fiduciary, and a process for carrying out fiduciary responsibility.

Initial certification requires completion of AIF<sup>®</sup> training, passing of the AIF<sup>®</sup> examination, meeting the education and industry experience requirements, and satisfaction of the Code of Ethics and Conduct Standards. To maintain the designation, designees must complete six (6) hours of continuing education and satisfy the Code of Ethics and Conduct Standards annually. The AIF<sup>®</sup> is administered by the Center for Fiduciary Studies.
